## ○ Aptar Beauty + Home in the stars with **Mugler.**

**Mugler's Angel range is expanding even further with a delicious new oriental fragrance called ANGEL ETOILE DES REVES.**

For this new eau de parfum, Angel has created a brand new night time ritual.

Mugler wanted the glamour and style of the bulb atomizer.

*"The bulb atomizer from Aptar Beauty + Home really appealed to us for this new, intimate night time ritual inspired by the boudoir tradition"* explains Marine Motola-Eychenne, Angel Etoile des Rêves product manager.

Aptar Beauty + Home offers a wide range of fragrance dispensing solutions, from classic sprays to more sensorial options, as well as more alternative gestures.

The bulb atomizer is bold and original and is a perfect reflection of the spirit of Mugler.

Available in 100 ml.
